MISSION ANNIVERSARY.
Door of Hope Mission Anniversary Last Night at Trinity.
Trinity church was fairly well filled last night on the occasion of the first anniversary of the establishment of the Door of Hope Mission on south Oregon street where so much good has been done among the poor within the last eighteen months.
The program proved so long, and unexpecting occupied so much time that three numbers had to be omitted. Miss Harrison was sick and unable to be present. A French horn solo was lost for her number, but with a few numbers, this one had to be omitted. Quartet by Mrs. Sanborn and Mrs. Payne and Mr. Grump with his violin and Mr. McClintock with his piano, with Mrs. Roberts as accompanist, was very well given and appreciated by the audience.
The Y. M. C. A. male quartet also did well. Rev. W. C. Muller spoke on "Christianity the power." It was a forcible address, that set forth in well defined terms the absolutely wretched condition of the poorer classes in the days of our Lord. No such condition existed nor exist among the poorest of the poor in the lowest slums of London. And yet it was to such as these that the redeemer came and preached the gospel of salvation. The advantage of the poor today were never before so near those of the rich as they are today. The speaker closed with a strong exhortation to follow Christ's example and labor among the poor to whose salvation we should give our time, labor and money.
Rev. J. T. French spoke on "Christ's mission to the degraded." He declared that those who have indulged in the lower nature, and it was the mission of the Savior to raise these up, and to preach the gospel of salvation to them. The world is the better off because Christ came to fulfill man's duty. By a practical application of the gospel, the speaker taught by our Lord to we carry out the divine command. A great responsibility rests upon us. Mr. French made a concise statement of his theme which was interesting and attentively listened to.
Presiding Elder Edington followed with a few remarks, part of which were of a comic nature that proved very amusing. In the way of illustration: next and last a dress of the evening was made by Rev. W. S. Huggett, assistant pastor of Trinity church and conductor of the Door of Hope Mission. He gave this mission as a labor for the last six months of work.
Members added, 16; increase, 16; conversions, 9; baptisms, 2; men, 1; women, 1; children, 1; total, 16. The church held in hall 75; meetings held in hall 44; meetings held in open air on Sunday mornings, 7; total attendance at the hall, 2111; average attendance at the hall, 29; estimated hearers, Sunday mornings, 200; tracts distributed, 500; bibles and tracts distributed, 20; visits made, 157; meals provided, 300; lodgings provided, 8; provisions distributed, value, \$25.35; garments distributed, value, \$20.00; rent of hall paid, \$150.00; total, \$150.00.
In his remarks Mr. Huggett advised us to despise the day of small things, and in the mission of the evening, the church was exceedingly small. Brother Oxley and Christian friends made the tract by holding meetings down on Utah street, and then a small room was secured. At the last conference, a Rosewell it was seen that the tract had attained to respectable proportions, and was well worthy of official recognition. So Rev. Adams was detailed to continue the fight against sin down on Oregon on the permanent quarters were opened. The work is now easy, it needs tact, it needs money, patience, perseverance, and at times the outlying souls seemed especially dubious. But the Lord came to the rescue. Come down to see us friends and give us good cheer. Mr. Huggett made an excellent talk, and the audience was

LOCAL RAILWAY BATTLE.
All roads in the city reported a good freight business yesterday.
L. M. Lewis, formerly with the Iron Mountains, is now switching in the S. P. yards.
A crew on the Corralitos road will be busy next week, connecting it at road with the Santa Fe.
It is reported that 25,000 head of Mexican cattle are to be shipped to this point within the next week.
S. P. dining car "Zafondel," has been burdened with double duty, since one of the "Zafondels" has been taken off.
Chas. Haines, of San Marcial, is handling the Santa Fe switching in the El Paso yards during the present rush.
W. M. Hunter's force, of the S. P. are busy today putting in a spur, west of Oregon street. The spur will be 500 feet in length.
W. M. Hunter completed the S. P. spur No. 25 yesterday. This piece of track was constructed especially for "special" cars.
Nexman Bros. & Nations had 45 cars loaded of cattle in the Santa Fe stock yards. They came from Mexico and west north today.
L. P. Marlin, for five years a night hostler at S. P. shops, resigned the position yesterday, to look after his real estate interests in El Paso.

The S. P. boys are anxiously awaiting the arrival of a solid train load of a shipment from the west, which is reported to arrive here the 10th or 11th of this month.
E. E. Nossbrop, a G. H. machinist who has been on the sick list for the past five weeks, was able to be on the streets yesterday. He will report for duty in about a week.
An S. P. switchman stated a most peculiar incident, which is claimed to have happened at a place called Brickyard, west of the city. It was said that it happened during the recent high wind and is as follows: They were ordered to place some wood cars at brickyard, and left the cars against a stiff wind. When the wind came, the curve beyond the smelter, the wind assumed cyclonic strength, and tossed heavy timbers about at will. The train was under the pressure of the storm and flying with the debris was visible the top of one of the wood cars. When last seen, according to the switchman, the top of the car was going straight up, and nothing has been seen of it since. The switchman said that a portion of his statement, a brakeman exhibited the roofless car in Borcherting's department. The rest of the crew however, positively refused to swear to the truth of the entire story.

Easter Lilies Scatter.
The proverbial "olden citizen" of New York rocks in memory in vain to recollect a time when the Easter lily, the fair flower most sought after at this season, was harder to obtain or more expensive than at the present time. The supply of lilies is so varied and comes almost wholly from the Bermudas, but this year the New York dealers have found it almost impossible to secure a sufficient quantity of the bulbs from those islands because of the fact that the crop has been virtually ruined by a blight, the nature of which is not understood by the growers. The disease first appeared in the Bermudas several years ago, and an eminent entomologist was sent from England to Bermuda to investigate. It was found that the disease was caused by a small white insect that burrowed into the bulb and rendered it useless. All efforts to terminate its ravages have so far proved fruitless and the exportation of the bulbs has been almost completely stopped. The result is a great dearth in the New York market this year and a consequent high price for the American horticulturists who have succeeded in growing these flowers, which are regarded above all others as typical of the Lord's ascension.

Republicans Gained at Lincoln.
Lincoln, N. B.—The republicans elected here on the 11th inst. by a slight majority. The victory was a surprise to the local party lines were drawn.
Last Friday Deputy United States Marshal R. C. Searcy heard of some Chisholm who had left the Southern Pacific road at St. Paul and started north. He took the Arizona and New Mexico train and about seven miles up the track discovered his men. He got off the train, rounded them up and found not a single Republican in the lot. He walked them into Losbury, and the next day started them to Silver City, from where Judge Parker will probably depart tomorrow.

Republicans Carry Santa Fe.
Santa Fe, N. M.—The city election held here was hotly contested. There were but two tickets in the field, a straight republican and fusion ticket called the Citizens. The returns show 100 majority for the republican ticket.
Albuquerque.—The republicans elected Hon. F. W. Clancy, mayor by eighty majority and the entire school board. The democrats elected C. W. Muller clerk and John S. Trimble treasurer and the entire board of aldermen. The whole republican ticket of Socorro, with Hon W. E. Martin for mayor, was elected by good majorities.

Anthem, "Awake up my Glory" Barby.

The Catholic church choir will render an unusually fine service for Easter Sunday. The choir will consist of Mrs. E. V. Ben, Mrs. A. Buckler and Miss Lyon soprano. Mrs. McLean and Miss McCarthy alto, Buckler tenor and Mr. Gomez Bass. The mass read will be Millard's Mass in F. Several beautiful hymns will be sung during the service.
The local Easter decorations promise to be of unusual attractiveness and precision in the churches tomorrow. Active preparations are making so that before tomorrow, the different church auditoriums will be veritable bowers of flowery beauty and aroma. Flowers have been brought from California in large quantities, and every effort is being made to make our church interiors suggestive of the day in the most beautiful manner possible. The decorations will be noticed more at length in Monday's HERALD.

The Juarez cathedral has been observing the holy week, with divine services. Today is noted as Good Friday with Christ in the basket, surrounded by some forty old men dressed in purple robes. After the regular morning mass, the priest blessed several tubs of water and distributed it among the congregation. Prayers were then delivered and the image of Christ in the basket was placed upon the altar, to be substituted with his smiling face at the death, at sunrise tomorrow.

The morning subject at the Christian church is "What If Christ had not arisen?" Evening: "Driven, by necessity." There will be special music at all services. Miss Owen of Spokane will sing a solo in the morning.

Hidden Weakness.
Just as we sometimes see a tree or pole apparently strong and sturdy, and then suddenly it comes crashing down with a sudden crash because of some undetected process of decay, so no matter how good an appearance a woman may present, if she is subject to any hidden weakness, she is gradually saprophytic away and undermining her vitality. Some day her entire constitution will give way and leave her a prostrate physical wreck. The average doctor gives a little something for the headache and a little something else for the backache and still another thing for the nerves and so on, never once reaching the hidden weakness in the distinctly feminine organism.
The vast experience and special practice of Dr. R. V. Pierce, of the Medical Institute of Buffalo, N. Y., in treating women's diseases, enables him to understand and cope with these peculiar ailments. Any woman may feel the utmost confidence in consulting him by mail. He will receive free of cost, sound professional advice whereby her health may, in ninety-nine cases out of a hundred, be promptly and permanently restored. All correspondence is held to be sacredly confidential.
A lady living in Coshocton Co., Ohio, Mrs. W. T. Stanton, of blessed memory, writes: "I had female weakness very bad for nearly three years. Had dragging down above my hips and such dreadful pains in the back and top of my head just as though someone was lifting me by the hair. Had no ambition, would try to work a few days then would have to lie in bed for a long time. I had much pain at monthly periods. I doctored most of the time but had no ease until I was quiet and off my feet and then I had more or less pain in my head. When I began taking Dr. Pierce's medicine I weighed 120 pounds and was very pale and weak. Took twelve bottles of his medicine. Prescription of seven of the 'Golden Medical Discovery.' Now I feel like a different person. Have no pain in my head, can do all the work for myself, husband and one child, am gaining in flesh. I feel it is through God's mercy and your wonderful medicines that I am cured."
